

Florida Photonics Cluster – Technology Showcase, virtual via Zoom

Thursday, October 8, 2020 4:00-5:30 PM EST

Chair: Alexei Glebov, FPC President

Agenda:

- 4:00pm – Welcome & Introductions, Alexei Glebov, FPC President
- 4:05pm – FPC Business Update, Amy Beaird, FPC Program Director
- 4:15pm – Presentation: ***“E-O Materials and Devices for Data Center and Quantum Photonics Applications”***, Prithi Ramakrishnan, North America Lead for Market and Business Development at imec & Swapnajit Chakravarty, Principal Researcher at imec
- 4:30pm – Presentation: ***“Raman Spectroscopic Bioprocessing Solutions: a partnership in application development”***, Eric Ferree, Principal Engineer at Product Design Solutions
- 4:45 pm – Presentation: ***“Partnership for Aspheric Solutions”***, Dan Denison, Director of Sales and Marketing, OptoSigma & Sebastian Henkel, Director of Sales, asphericon
- 5:00 pm – Presentation: ***“A Non-Contact Method of Profiling kWatt lasers using Rayleigh Scattering Imaging”***, Kevin Kirkham, Sr. Business Development Manager MKS & Derrick Peterman, Sales Director MKS
- 5:15 pm – Presentation: ***“Advanced Infrared Optics & Thermal Imaging for Commercial & Military Applications”***, Devin S. Standard, Infrared Technology Specialist, LightPath Technologies
